

Adobe Digital Publishing Solution

Content Producer API: Swagger Documentation

This contains the swagger documentation for the following Adobe Digital Publishing Solution Content Producer APIs:

- Authentication Service
- Authorization Service
- Notification Service
- Producer Service
- Product Service

How-To

To load the swagger documentation, please do the following:

1. Host the swagger documentation folder from a server, or a localhost instance like MAMP
2. If the hosted URL to the swagger documentation folder is <http://localhost:8888/dps2015-swagger-doc>, then you can skip the next step.
3. Otherwise, please update line #55 of /service.json file according to the hosted URL.

```
#53     "contact": "wwds@adobe.com"
#54   },
#55   "basePath": "http://localhost:8888/your-custom-path"
#56 }
```
